Terms and Conditions

All prices shown are subject to VAT at the current rate. The minimum delivery cost is £12.50 plus VAT. for small quantity items and delivery costs are calculated on the weight of an order. Dresser reserves the right to alter prices without notification. Due to the weight of wood, parcels can be heavy and long in length. The user should bear this in mind when organising delivery. A suitable area for ease of unloading and access should be chosen. Delivery is usually between 9am. to 5pm.,and we are unable to be more specific. Products ordered for delivery by national carrier should be unpacked and inspected at the time of delivery. The delivery personnel are allocated time for this procedure. In the unlikely event of damage in transit, the consignee must clearly sign this on the delivery ticket. All damages or shortages must be notified within 48 hours of receipt. All column components are priced nett as the carriage costs and delivery arrangements are handled separately. Return components must be agreed with Dresser prior to despatch. Items agreed for return will be issued a returns number. Return items are the responsibility of the customer and will attract a 15% handling and restocking charge. Users should allow 10% extra on the total quantities for cutting wastage. Hardwood moulds are supplied in american imperial lengths and we supply them to the nearest metric equivalent. Due to the large number of variants we have in our product profile, some items may be out of stock in a particular wood. Dresser reserves the right to refuse orders for out of stock items.
